

KAFD – Solar Water Heater Project

Completed project

PROJECT DESCRIPTION

Solar thermal project at King Abdullah Financial District (KAFD) utilizing solar energy for efficient water heating. The solution was designed to improve energy efficiency and reduce conventional energy consumption through renewable thermal technology

KEY FACTS

Capacity	2.0 MWp
Location	Saudi Arabia
Scope	Turnkey EPC
Status	Completed

KAFD – Solar Water Heater Project

Images & delivery notes

DELIVERY NOTES

Successfully delivered the solar water heating solution with focus on system efficiency, reliable operation, installation quality, and integration with the site's existing infrastructure.
