

SABIC ON grid Solar PV

Completed project

PROJECT DESCRIPTION

Large-scale 850 kWp grid-connected solar PV system developed for SABIC, designed to maximize on-site renewable energy generation and reduce dependence on conventional electricity sources. The project involved solar PV system design, equipment integration, installation, testing, and commissioning. timeline and outcome.

KEY FACTS

Capacity	850 KWp
Location	Saudi Arabia
Scope	Turnkey EPC
Status	Completed
